Article 4

RESIDENT

1. For the purposes of this Agreement, the term "resident of a Contracting State" means any person who, under the laws of that State, is liable to tax therein by reason of his domicile, residence, place of management or any other criterion of a similar nature, and also includes that State and any political subdivision or local authority thereof. This term, however, does not include any person who is liable to tax in that State in respect only of income from sources in that State.

2. Where by reason of the provisions of paragraph 1 an individual is a resident of both Contracting States, then his status shall be determined as follows:

(a) he shall be deemed to be a resident only of the State in which he has a permanent home available to him; if he has a permanent home available to him in both States, he shall be deemed to be a resident only of the State with which his

If the place of effective management cannot be determined, the competent authorities of the Contracting States shall settle the question by mutual agreement.

Article 5

PERMANENT ESTABLISHMENT

1. For the purposes of this Agreement, the term "permanent establishment" means a fixed place of business through which the business of an enterprise is wholly or partly carried on.

2. The term "permanent establishment" includes especially:

(a) a place of management;

(b) a branch;

(d) a factory;

(e) a workshop;

(f) a mine, an oil or gas well, a quarry or any other place of extraction or exploitation of natural resources; and

(g) an installation or structure used for the exploration of natural resources provided that the installation or structure continues for a period of more than six months within any twelve-month period.

3. The term "permanent establishment" likewise

encompasses:

(a) a building site, a construction, assembly or installation project or any supervisory activity in connection with such site or project, but only where such site, project or activity continues for a period of more than six months within any twelve-month period;

(b) the furnishing of services, including consultancy services, by an enterprise through employees or other personnel engaged by an enterprise for such purpose, but only where activities of that nature continue (for the same or a connected project) within the Contracting State for a period or periods aggregating more than six months within any twelve-month period; and

(c) the performance of professional services or other activities of an independent character by an individual, but only where those services or activities continue within a Contracting State for a period or periods exceeding in the aggregate 183 days in any twelve-month period commencing or ending in the fiscal year concerned.

4. Notwithstanding the preceding provisions of this Article, the term "permanent establishment" shall be deemed not to include:

(a) the use of facilities solely for the purpose of storage, display or delivery of goods or merchandise belonging to the enterprise;

(b) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of processing by another enterprise;

(c) the maintenance of stock of goods or merchandise belonging to the enterprise solely for the purpose of storage, display or delivery;

(f) the maintenance of a fixed place of business solely for any combination of activities mentioned in subparagraphs (a) to (e), provided that the overall activity of the fixed place of business resulting from this combination is of a preparatory or

auxiliary character.

5. Notwithstanding the provisions of paragraphs 1 and 2, where a person – other than an agent of an independent status to whom paragraph 6 applies – is acting on behalf of an enterprise and has, and habitually exercises, in a Contracting State an authority to conclude contracts in the name of the enterprise, that enterprise shall be deemed to have a permanent establishment in that State in respect of any activities which that person undertakes for the enterprise, unless the activities of such person are limited to those mentioned in paragraph 4 which, if exercised through a fixed place of business, would not make this fixed place of business a permanent establishment under the provisions of that paragraph.

6. An enterprise shall not be deemed to have a permanent establishment in a Contracting State merely because it carries on business in that State through a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business.

7. Notwithstanding the preceding provisions of this Article, an insurance enterprise of a Contracting State shall, except in regard to reinsurance, be deemed to have a permanent establishment in the other Contracting State if it insures risks in the territory of that State and collects premiums in respect of those risks through an employee or through a person other than an agent of an independent status to whom paragraph 6 applies.

8. The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

Article 6

INCOME FROM IMMOVABLE PROPERTY

1. Income derived by a resident of a Contracting State from immovable property, (including income from agriculture or forestry), situated in the other Contracting State may be taxed in that other State.

2. The term "immovable property" shall have the meaning which it has under the law of the Contracting State in which the property in question is situated. The term shall in any case include property accessory to immovable property, livestock and equipment used in agriculture and forestry, rights to which the provisions of general law respecting landed property apply, usufruct of immovable property and rights to variable or fixed payments as consideration for the working of, or the right to work, mineral deposits, sources and other natural

resources. Ships and aircraft shall not be regarded as immovable property.

3. The provisions of paragraph 1 shall apply to income derived from the direct use, letting or use in any other form of immovable property.

4. The provisions of paragraphs 1 and 3 shall also apply to the income from immovable property of an enterprise.

Article 7

BUSINESS PROFITS

1. The profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits of the enterprise may be taxed in the other State but only so much of them as are attributed to that permanent establishment.

2. Subject to the provisions of paragraph 3, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.

3. In determining the profits of a permanent establishment, there shall be allowed as deductions expenses which are incurred for the purposes of the business of the permanent establishment including executive and general administrative expenses so incurred, whether in the State in which the permanent establishment is situated or elsewhere. However, no such deduction shall be allowed in respect of amounts, if any, paid (otherwise than towards reimbursement of actual expenses) by the permanent establishment to the head office of the enterprise or any of its other offices, by way of royalties, fees or other similar payments in return for the use of patents or other rights, or by way of commission, for specific services performed or for management, or, except in the case of a banking enterprise, by way of interest on moneys lent to the permanent establishment. Likewise, no account shall be taken, in the determination of the profits of a permanent establishment, for amounts charged (otherwise than towards reimbursement of actual expenses) by the permanent establishment to the head office of the enterprise or any of its other offices, by way of royalties, fees or other similar payments in return for use of patents or other rights, or by way of commission for specific services performed or for management, or except in the case of a banking enterprise by way of interest on moneys lent to the head office of the

enterprise or any of its other offices.

4. In so far as it has been customary in a Contracting State to determine the profits to be attributed to a permanent establishment on the basis of an apportionment of the total profits of the enterprise to its various parts, nothing in paragraph 2 shall preclude that Contracting State from determining the profits to be taxed by such an apportionment as may be customary; the method of apportionment adopted shall, however, be such that the result shall be in accordance with the principles contained in this Article.

5. No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.

6. For the purposes of the preceding paragraphs, the profits to be attributed to the permanent establishment shall be determined by the same method year by year unless there is good and sufficient reason to the contrary.

7. Where profits include items of income which are dealt with separately in other Articles of this Agreement, then the provisions of those Articles shall not be affected by the provisions of this Article.

Article 8

INTERNATIONAL TRANSPORT

1. Profits of an enterprise of a Contracting State from the operation of ships or aircraft in international traffic shall be taxable only in that State.

2. For the purposes of this Article, profits from the operation of ships or aircraft in international traffic include profits derived from the rental of ships or aircraft if such ships or aircraft are operated in international traffic or if such rental profits are incidental to the other profits described in paragraph 1 of this Article.

3. Profits of an enterprise of a Contracting State from the use or rental of containers used for the transport in international traffic of goods or merchandise shall be taxable only in that State.

4. The provisions of paragraph 1 shall also apply to profits from the participation in a pool, a joint business or an international operating agency.

Article 9

ASSOCIATED ENTERPRISES

1. Where:

(a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State; or

(b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State,

and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any profits which would, but for those conditions, have accrued to one of the enterprises, but, by reason of those conditions, have not so accrued, may be included in the profits of that enterprise and taxed accordingly.

2. Where a Contracting State includes in the profits of an enterprise of that State – and taxes accordingly – profits on which an enterprise of the other Contracting State has been charged to tax in that other State and the profits so included are profits which would have accrued to the enterprise of the first-mentioned State if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then that other State shall make an appropriate adjustment to the amount of the tax charged therein on those profits. In determining such adjustment, due regard shall be had to the other provisions of this Agreement and the competent authorities of the Contracting States shall if necessary consult each other.

Article 10

DIVIDENDS

1. Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other State.

2. However, such dividends may also be taxed in the Contracting State of which the company paying the dividends is a resident and according to the laws of that State, but

(a) where the dividends are paid by a company which is a resident of Botswana to a resident of Malta who is the beneficial owner thereof, the tax so charged in Botswana shall not exceed:

(i) 5 per cent of the gross amount of the dividends if the beneficial owner is a company which holds at least 25 per cent of the capital of the company paying dividends; or

(ii) 6 per cent of the gross amount of the dividends in all other cases.

(b) where the dividends are paid by a company which is a resident of Malta to a resident of Botswana who is the beneficial owner thereof, Malta tax on the gross amount of the dividends shall not exceed:

(i) the tax chargeable on the profits out of which the dividends are paid; or

(ii) 15 per cent on the profits out of which the dividends are paid, if the dividends are paid out of gains or profits earned in any year in respect of which the company is in receipt of any tax benefit under provisions regulating aids to industries in Malta, and the shareholder submits returns and accounts to the taxation authorities of Malta in respect of his income liable to Malta tax for the relative year of assessment. This provision shall apply for a period of ten years from the date of entry into force of this Agreement. The Contracting States may mutually agree that this provision be renewed for a further period.

This paragraph shall not affect taxation of the company in respect of the profits out of which the dividends were distributed.

3. The term "dividends" as used in this Article means income from shares, "*jouissance*" shares or "*jouissance*" rights, mining shares, founders' shares or other rights (not being debt-claims) participating in profits, as well as income from other corporate rights which is subjected to the same taxation treatment as income from shares by the laws of the Contracting State of which the company making the distribution is a resident.

4. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident, through a permanent establishment situated therein and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment. In such case, the provisions of Article 7 shall apply.

5. Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other State may not impose any tax on the dividends paid by the

company, except in so far as such dividends are paid to a resident of that other State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment situated in that other State, nor subject the company's undistributed profits to a tax on the company's undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in such other State.

Article 11

INTEREST

1. Interest arising in a Contracting State and paid to a resident of the other Contracting State may be taxed in that other State.

2. However, such interest may also be taxed in the State in which it arises and according to the laws of that State, but if the recipient is the beneficial owner of the interest, the tax so charged shall not exceed 8.5 per cent of the gross amount of the interest.

3. Notwithstanding the provisions of paragraph 2, interest mentioned in paragraph 1 shall not be taxable in the Contracting State where the interest arises if:

(a) the recipient thereof is the government of the other Contracting State or a local authority thereof or any agency wholly owned and controlled by that government or authority; and

(b) the interest is paid in respect of a loan granted or guaranteed by a financial institution of a public character with the objective of promoting exports and development, if the credit granted or guaranteed contains an element of subsidy.

4. The term "interest" as used in this Article means income from debt-claims of every kind, whether or not secured by mortgage and whether or not carrying a right to participate in the debtor's profits, and in particular, income from government securities and income from bonds or debentures, including premiums and prizes attaching to such securities, bonds or debentures. Penalty charges for late payment shall not be regarded as interest for the purposes of this Article.

5. The provisions of paragraphs 1, 2 and 3 shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the interest arises, through a permanent establishment situated therein and the debt-claim in respect of which the interest is paid is effectively connected with such permanent establishment. In such case, the provisions of Article 7 shall apply.

6. Interest shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the interest, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment in connection with which the indebtedness on which the interest is paid was incurred, and such interest is borne by such permanent establishment, then such interest shall be deemed to arise in the State in which the permanent establishment is situated.

7. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest, having regard to the debt-claim for which it is paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Agreement.

(a) 5 per cent of the gross amount of the royalties in respect of the use of or the right to use industrial, commercial or scientific equipment; and

2. The term "royalties" as used in this Article means payments of any kind received as a consideration for the use of, or the right to use, any copyright of literary, artistic or scientific work (including cinematograph films and films, tapes or discs for radio or television broadcasting), any patent, trade mark, design or model, plan, secret formula or process, or for the use of or the right to use industrial, commercial, or scientific equipment or for information concerning industrial, commercial or scientific experience.

3. The provisions of paragraphs 1 and 2 shall not apply if the beneficial owner of the royalties, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties arise, through a permanent establishment situated therein and the right

or property in respect of which the royalties are paid is effectively connected with such permanent establishment. In such case, the provisions of Article 7 shall apply.

4. Royalties shall be deemed to arise in a Contracting State when the payer is a resident of that State. Where, however, the person paying the royalties, whether he is a resident of a Contracting State or not, has in a Contracting State a permanent establishment in connection with which the right or property in respect of which the royalties are paid is effectively connected, and such royalties are borne by such permanent establishment, then such royalties shall be deemed to arise in the State in which the permanent establishment is situated.

5. Where, by reason of a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties, having regard to the use, right or information for which they are paid, exceeds the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In such case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Agreement.

Article 22

ELIMINATION OF DOUBLE TAXATION

Double taxation shall be eliminated as follows:

(a) In Botswana, subject to the provisions of the laws of Botswana regarding the allowance of a credit against Botswana tax of tax payable under the laws of a country outside Botswana, Malta tax payable under the laws of Malta and in accordance with this Agreement, whether directly or by deduction, on profits or income liable to tax in Malta shall be allowed as a credit against any Botswana tax payable in respect of the same profits or income by reference to which the Malta tax is computed. However, the amount of such credit shall not exceed the amount of the Botswana tax payable on that income in accordance with the laws of Botswana;

(b) In the case of Malta, double taxation shall be eliminated as follows: subject to the provisions of the law of Malta regarding the allowance of credit against Malta tax in respect of foreign tax, where, in accordance with the provisions of this Agreement, there is included in a Malta assessment income from sources within Botswana, the Botswana tax on such income shall be allowed as a credit against the relative Malta tax payable thereon.

Article 23

NON-DISCRIMINATION

1. Nationals of a Contracting State shall not be subjected in the other Contracting State to any taxation or any requirement connected therewith which is other or more burdensome than the taxation and

connected requirements to which nationals of that other State in the same circumstances, in particular with respect to residence, are or may be subjected. This provision shall, notwithstanding the provisions of Article 1, also apply to persons who are not residents of one or both of the Contracting States.

2. The taxation on a permanent establishment which an enterprise of a Contracting State has in the other Contracting State shall not be less favourably levied in that other State than the taxation levied on enterprises of that other State carrying on the same activities. This provision shall not be construed as obliging a Contracting State to grant to residents of the other Contracting State any personal allowances, reliefs and reductions for taxation purposes on account of civil status or family responsibilities which it grants to its own residents.

3. Enterprises of a Contracting State, the capital of which is wholly or partly owned or controlled, directly or indirectly, by one or more residents of the other Contracting State, shall not be subjected in the first-mentioned State to any taxation or any requirement connected therewith which is other or more burdensome than the taxation and connected requirements to which other similar enterprises of that first-mentioned State are or may be subjected.

4. Except where the provisions of paragraph 1 of Article 9, paragraph 7 of Article 11, paragraph 6 of Article 12 and paragraph 6 of Article 20 apply, interest, royalties, technical fees and other disbursements paid by an enterprise of a Contracting State to a resident of the other Contracting State shall, for the purpose of determining the taxable profits of such enterprise, be deductible under the same conditions as if they had been paid to a resident of the first-mentioned State.

5. The provisions of this Article shall, notwithstanding the provisions of Article 2, apply to taxes of every kind and description.

Article 24

MUTUAL AGREEMENT PROCEDURE

1. Where a person considers that the actions of one or both of the Contracting States result or will result for him in taxation not in accordance with the provisions of this Agreement, he may, irrespective of the remedies provided by the domestic laws of those States, present his case to the competent authority of the Contracting State of which he is a resident or, if his case comes under paragraph 1 of Article 23, to that of the Contracting State of which he is a national. The case must be presented within three years from the first notification of the action resulting in taxation not in accordance with the provisions of this Agreement.

2. The competent authority shall endeavour, if the objection appears to it to be justified and if it is not itself able to arrive at a satisfactory solution, to resolve the case by mutual agreement with the competent authority of the other Contracting State, with a view to the avoidance of taxation which is not in accordance with the Agreement. Any agreement reached shall be implemented notwithstanding any time limits in the domestic law of the Contracting States.

3. The competent authorities of the Contracting States shall endeavour to resolve by mutual agreement any difficulties or doubts arising as to the interpretation or application of this Agreement. They may also consult together for the elimination of double taxation in cases not provided for in this Agreement.

4. The competent authorities of the Contracting States may communicate with each other directly, including through a joint commission consisting of themselves or their representatives, for the purpose of reaching an agreement in the sense of the preceding paragraphs.

5. Where,

(a) under paragraph 1, a person has presented a case to the competent authority of a Contracting State on the basis that the actions of one or both of the Contracting States have resulted for that person in taxation not in accordance with the provisions of this Agreement, and

(b) the competent authorities are unable to reach an agreement to resolve that case pursuant to paragraph 2 within three years from the presentation of the case to the competent authority of the other Contracting State,

any unresolved issues arising from the case shall be submitted to arbitration if either competent authority so requests. The person who has presented the case shall be notified of the request. These unresolved issues shall not, however, be submitted to arbitration if a decision on these issues has already been rendered by a court or administrative tribunal of either State. The arbitration decision shall be binding on both States and shall be implemented notwithstanding any time limits in the domestic laws of these States unless both competent authorities agree on a different solution within six months after the decision has been communicated to them or unless a person directly affected by the case does not accept the mutual agreement that implements the arbitration decision. The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of this paragraph.

Article 25

Exchange of Information

1. The competent authorities of the Contracting States shall exchange such information as is foreseeably relevant for carrying out the provisions of this Agreement or to the administration or enforcement of the domestic laws concerning taxes of every kind and description imposed on behalf of the Contracting States, or of their political subdivisions or local authorities, in so far as the taxation thereunder is not contrary to the Agreement. The exchange of information is not restricted by Articles 1 and 2.

2. Any information received under paragraph 1 by a Contracting State shall be treated as secret in the same manner as information obtained under the domestic laws of that State and shall be disclosed only to persons or authorities (including courts and administrative bodies) concerned with the assessment or collection of, the enforcement or prosecution in respect of, the determination of appeals in relation to the taxes referred to in paragraph 1, or the oversight of the above. Such persons or authorities shall use the information only for such purposes. They may disclose the information in public court proceedings or in judicial decisions. Notwithstanding the foregoing, information received by a Contracting State may be used for other purposes when such information may be used for such other purposes under the laws of both States and the competent authority of the supplying State authorises such use.

3. In no case shall the provisions of paragraphs 1 and 2 be construed so as to impose on a Contracting State the obligation:

(a) to carry out administrative measures at variance with the laws and administrative practice of that or of the other Contracting State;

(b) to supply information which is not obtainable under the laws or in the normal course of the administration of that or of the other Contracting State;

(c) to supply information which would disclose any trade, business, industrial, commercial or professional secret or trade process, or information the disclosure of which would be contrary to public policy (*ordre public*).

4. If information is requested by a Contracting State in accordance with this Article, the other Contracting State shall use its information gathering measures to obtain the requested information, even though that other State may not need such information for its own tax purposes. The obligation contained in the preceding sentence is subject to the limitations of paragraph 3 but in no case shall such limitations be

construed to permit a Contracting State to decline to supply information solely because it has no domestic interest in such information.

5. In no case shall the provisions of paragraph 3 be construed to permit a Contracting State to decline to supply information solely because the information is held by a bank, other financial institution, nominee or person acting in an agency or a fiduciary capacity or because it relates to ownership interests in a person.

Article 26

ASSISTANCE IN COLLECTION

1. The Contracting States shall to the extent permitted by their respective domestic law, lend assistance to each other in order to collect the taxes referred to in Article 2 as well as interest and penalties with regard to such taxes, provided that reasonable steps to recover such taxes have been taken by the Contracting State requesting such assistance.

2. Claims which are the subject of requests for assistance shall not have priority over taxes owing in the Contracting State rendering assistance and the provisions of paragraph 1 of Article 25 shall also apply to any information which, by virtue of this Article is supplied to the competent authority of a Contracting State.

3. The competent authorities of the Contracting States shall by mutual agreement settle the mode of application of the provisions of this Article.
