## **Article 4**

### **Fiscal Domicile**

(1) For the purposes of this Convention, the term "resident of a Contracting State" means any person who, under the laws of that State, is liable to tax therein by reason of his domicile, residence, place of management or any other criterion of a similar nature. But this term does not include any person who is liable to tax in that State in respect only of income from sources in that State or capital situated therein.

(2) Where by reason of the provisions of paragraph (1) of this Article an individual is a resident of both Contracting States, then his status shall be determined as follows:

(a) he shall be deemed to be a resident of the State in which he has a permanent home available to him; if he has a permanent home available to him in both States, he shall be deemed to be a resident of the State with which his personal and economic relations are closer (centre of vital interests);

(b) if the State in which he has his centre of vital interests cannot be determined, or if he has not a permanent home available to him in either State, he shall be deemed to be a resident of the State in which he has an habitual abode;

(c) if he has an habitual abode in both States or in neither of them, he shall be deemed to be a resident of the State of which he is a national;

(d) if he is a national of both States or of neither of them, the competent authorities of the Contracting States shall settle the question by mutual agreement.

(3) Where, by reason of the provisions of paragraph (1) of this Article, a person other than an individual is a resident of both Contracting States, then it shall be deemed to be a resident of the State in which its place of effective management is situated.

## **Article 5**

### **Permanent Establishment**

(1) For the purposes of this Convention, the term "permanent establishment" means a fixed place of business through which the business of an enterprise is wholly or partly carried on.

(2) The term "permanent establishment" includes especially:

(a) a place of management;

(b) a branch;

(c) an office;

(d) a factory;

(e) a workshop; and

(g) a mine, an oil or gas well, a quarry or any other place of extraction of natural resources.

(3) A building site or construction or installation project constitutes a permanent establishment only if it lasts more than twelve months.

(3A) Notwithstanding the provisions of paragraph (3) of this Article, a project for the construction or installation of a pipeline for the transportation of oil or gas, or a building site associated with such construction or installation, shall constitute a permanent establishment whether or not it lasts for more than 12 months.

(3B) An enterprise of a Contracting State shall be deemed to have a permanent establishment in the other Contracting State if it carries on the activity of making an oil or gas well in the other Contracting State.

(4) Notwithstanding the preceding provisions of this Article, the term "permanent establishment" shall be deemed not to include:

(a) the use of facilities solely for the purpose of storage, display or delivery of goods or merchandise belonging to the enterprise;

(b) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of storage, display or delivery;

(c) the maintenance of a stock of goods or merchandise belonging to the enterprise solely for the purpose of processing by another enterprise;

(d) the maintenance of a fixed place of business solely for the purpose of purchasing goods or merchandise or of collecting information for the enterprise;

(e) the maintenance of a fixed place of business solely for the purpose of carrying on, for the enterprise, any other activity of a preparatory or auxiliary character;

(f) the maintenance of a fixed place of business solely for any combination of activities mentioned in subparagraphs (a) to (e) provided that the overall activity of the fixed place of business resulting from this combination is of a preparatory or auxiliary character.

(5) Notwithstanding the provisions of paragraphs (1) and (2), of this Article, where a person -- other than an agent of an independent status to whom paragraph (6) of this Article applies -- is acting on behalf of an enterprise and has, and habitually exercises, in a Contracting State an authority to conclude contracts in the name of the enterprise, that enterprise shall be deemed to have a permanent establishment in that State in respect of any activities which that person undertakes for the enterprise, unless the activities of such person are limited to those mentioned in paragraph (4) of this Article which, if exercised through a fixed place of business, would not make this fixed place of business a permanent establishment under the provisions of that paragraph.

(6) An enterprise shall not be deemed to have a permanent establishment in a Contracting State merely because it carries on business in that State through a broker, general commission agent or any other agent of an independent status, provided that such persons are acting in the ordinary course of their business.

(7) The fact that a company which is a resident of a Contracting State controls or is controlled by a company which is a resident of the other Contracting State, or which carries on business in that other State (whether through a permanent establishment or otherwise), shall not of itself constitute either company a permanent establishment of the other.

## **Article 6**

### **Income from Immovable Property**

(1) Income derived by a resident of a Contracting State from immovable property (including income from agriculture or forestry) situated in the other Contracting State may be taxed in that other State.

(2) The term "immovable property" shall have the meaning which it has under the law of the Contracting State in which the property in question is situated. The term shall in any case include property accessory to immovable property, livestock and equipment used in agriculture and forestry, rights to which the provisions of general law respecting landed property apply, usufruct of immovable property and rights to variable or fixed payments as consideration for the working of, or the right to work, mineral deposits, sources and other natural resources; ships, boats and aircraft shall not be regarded as immovable property.

(3) The provisions of paragraph (1) of this Article shall apply to income derived from the direct use, letting, or use in any other form, of immovable property.

(4) The provisions of paragraphs (1) and (3) of this Article shall also apply to the income from immovable property of an enterprise and to income from immovable property used for the performance of independent personal services.

## **Article 7**

### **Business Profits**

(1) The profits of an enterprise of a Contracting State shall be taxable only in that State unless the enterprise carries on business in the other Contracting State through a permanent establishment situated therein. If the enterprise carries on business as aforesaid, the profits of the enterprise may be taxed in the other State but only so much of them as is attributable to that permanent establishment.

(2) Subject to the provisions of paragraph (3) of this Article, where an enterprise of a Contracting State carries on business in the other Contracting State through a permanent establishment situated therein, there shall in each Contracting State be attributed to that permanent establishment the profits which it might be expected to make if it were a distinct and separate enterprise engaged in the same or similar activities under the same or similar conditions and dealing wholly independently with the enterprise of which it is a permanent establishment.

(3) In determining the profits of a permanent establishment, there shall be allowed as deductions expenses which are incurred for the purposes of the permanent establishment, including executive and general administrative expenses so incurred, whether in the State in which the permanent establishment is situated or elsewhere.

(4) No profits shall be attributed to a permanent establishment by reason of the mere purchase by that permanent establishment of goods or merchandise for the enterprise.

(5) Where profits include items of income which are dealt with separately in other Articles of this Convention, then the provisions of those Articles shall not be affected by the provisions of this Article.

## **Article 8**

### **Shipping and Air Transport**

(1) Profits of an enterprise of a Contracting State from the operation of ships or aircraft in international traffic shall be taxable only in that State.

(2) For the purposes of this Article, profits from the operation of ships or aircraft in international traffic include:

(a) profits from the rental on a bareboat basis of ships or aircraft; and

(b) profits from the use, maintenance or rental of containers (including trailers and related equipment for the transport of containers) used for the transport of goods or merchandise;

where such rental or such use, maintenance or rental, as the case may be, is incidental to the operation of ships or aircraft in international traffic.

(3) The provisions of paragraphs (1) and (2) of this Article shall also apply to profits from the participation in a pool, a joint business or an international operating agency, but only to so much of the profits so derived as is attributable to the participant in proportion to its share in the joint operation.

(4) With respect to profits derived by the Danish, Norwegian and Swedish air transport consortium, known as the Scandinavian Airlines System (SAS), the provisions of paragraphs (1), (2) and (3) of this Article shall apply only to such proportion of the profits as corresponds to the participation in that consortium by Det Danske Luftfartsselskab (DDL), the Danish partner of the Scandinavian Airlines System (SAS).

## **Article 9**

### **Associated Enterprises**

(1) Where

(a) an enterprise of a Contracting State participates directly or indirectly in the management, control or capital of an enterprise of the other Contracting State, or

(b) the same persons participate directly or indirectly in the management, control or capital of an enterprise of a Contracting State and an enterprise of the other Contracting State, and in either case conditions are made or imposed between the two enterprises in their commercial or financial relations which differ from those which would be made between independent enterprises, then any income, deductions, receipts or outgoings which would, but for those conditions, have been attributed to one of the enterprises, but, by reason of those conditions, have not been so attributed, may be included in the profits or losses of that enterprise and taxed accordingly.

(2) Where a Contracting State includes in the profits of an enterprise of that State - and taxes accordingly -- profits on which an enterprise of the other Contracting State has been charged to tax in that other State and the items so included comprise income, deductions, receipts or outgoings which would have been attributed to the enterprise of the first-mentioned State if the conditions made between the two enterprises had been those which would have been made between independent enterprises, then the competent authorities of the Contracting States may consult together with a view to reaching an agreement on the adjustment of profits or losses in both Contracting States.

## **Article 10 Dividends**

(1) Dividends paid by a company which is a resident of a Contracting State to a resident of the other Contracting State may be taxed in that other State.

(2) However, subject to the provisions of Council Directive 90/435/EEC of 23rd July 1990, such dividends:

(a) may also be taxed in the Contracting State of which the company paying the dividends is a resident and according to the laws of that State, but if the beneficial owner of the dividends is a resident of the other Contracting State the tax so charged shall not exceed 15 per cent. of the gross amount of the dividends;

(b) shall be exempt from tax in the first-mentioned State if the beneficial owner referred to in subparagraph (a) of this paragraph is a company which holds directly at least 25 per cent. of the issued share capital of the company paying the dividends.

(3) The term "dividends" as used in this Article means income from shares, or other rights, not being debt-claims, participating in profits, as well as income from other corporate rights which is subjected to the same taxation treatment as income from shares by the laws of the State of which the company making the distribution is a resident and also includes any other item (other than interest relieved from tax under the provisions of Article 11 of this Convention) which, under the laws of the Contracting State of which the company paying the dividend is a resident, is treated as a dividend or distribution of a company.

(4) The provisions of paragraphs (1) and (2) of this Article shall not apply if the beneficial owner of the dividends, being a resident of a Contracting State, carries on business in the other Contracting State of which the company paying the dividends is a resident, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the holding in respect of which the dividends are paid is effectively connected with such permanent establishment or fixed base. In such case the provisions of Article 7 or Article 14 of this Convention, as the case may be, shall apply.

(5) Where a company which is a resident of a Contracting State derives profits or income from the other Contracting State, that other State may not impose any tax on the dividends paid by the company, except insofar as such dividends are paid to a resident of that other State or insofar as the holding in respect of which the dividends are paid is effectively connected with a permanent establishment or a fixed base situated in that other State, nor subject the company's undistributed profits to a tax on undistributed profits, even if the dividends paid or the undistributed profits consist wholly or partly of profits or income arising in that other State.

(6) The provisions of this Article shall not apply if it was the main purpose or one of the main purposes of any person concerned with the creation or assignment of the shares or other rights in respect of which the dividend is paid to take advantage of this Article by means of that creation or assignment.

## **Article 11**

### **Interest**

(1) Interest arising in a Contracting State which is derived and beneficially owned by a resident of the other Contracting State shall be taxable only in that other State.

(2) The term "interest" as used in this Article means income from debt-claims of every kind, whether or not secured by mortgage and whether or not carrying a right to participate in the debtor's profits, and in particular, income from government securities and income from bonds or debentures, including premiums and prizes attaching to such securities, bonds or debentures but does not include income dealt with in Article 10. Penalty charges for late payment shall not be regarded as interest for the purposes of this Article.

(3) The provisions of paragraph (1) of this Article shall not apply if the beneficial owner of the interest, being a resident of a Contracting State, carries on business in the other Contracting State in which the interest arises, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the debt-claim in respect of which the interest is paid is effectively connected with such permanent establishment or fixed base. In such a case the provisions of Article 7 or Article 14, as the case may be, shall apply.

(4) Where, owing to a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the interest exceeds, for whatever reason, the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In that case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

(5) Any provision in the law of either Contracting State relating only to interest paid to a non-resident company shall not operate so as to require such interest paid to a resident of the other Contracting State to be treated as a distribution by the company paying such interest.

(6) The provisions of this Article shall not apply if it was the main purpose or one of the main purposes of any person concerned with the creation or assignment of the debt-claim in respect of which the interest is paid to take advantage of this Article by means of that creation or assignment.

## **Article 12**

### **Royalties**

(1) Royalties arising in a Contracting State which are derived and beneficially owned by a resident of the other Contracting State shall be taxable only in that other State.

(2) The term "royalties" as used in this Article means payments of any kind received as a consideration for the use of, or the right to use, any copyright of literary, artistic or scientific work (including cinematograph films, and films or tapes for radio or television broadcasting), any patent, trade mark, design or model, plan, secret formula or process, or for information concerning industrial, commercial or scientific experience.

(3) The provisions of paragraph (1) of this Article shall not apply if the beneficial owner of the royalties, being a resident of a Contracting State, carries on business in the other Contracting State in which the royalties arise, through a permanent establishment situated therein, or performs in that other State independent personal services from a fixed base situated therein, and the right or property in respect of which the royalties are paid is effectively connected with such permanent establishment or fixed base. In such a case the provisions of Article 7 or Article 14, as the case may be, shall apply.

(4) Where, owing to a special relationship between the payer and the beneficial owner or between both of them and some other person, the amount of the royalties exceeds, for whatever reason, the amount which would have been agreed upon by the payer and the beneficial owner in the absence of such relationship, the provisions of this Article shall apply only to the last-mentioned amount. In that case, the excess part of the payments shall remain taxable according to the laws of each Contracting State, due regard being had to the other provisions of this Convention.

(5) The provisions of this Article shall not apply if it was the main purpose or one of the main purposes of any person concerned with the creation or assignment of the rights in respect of which the royalties are paid to take advantage of this Article by means of that creation or assignment.

## **Article 13**

### **Capital Gains**

(1) Gains derived by a resident of a Contracting State from the alienation of immovable property referred to in Article 6 and situated in the other Contracting State may be taxed in that other State.

(2) Gains from the alienation of movable property forming part of the business property of a permanent establishment which an enterprise of a Contracting State has in the other Contracting State or of movable property pertaining to a fixed base available to a resident of a Contracting State in the other Contracting State for the purpose of performing independent personal services, including such gains from the alienation of such a permanent establishment (alone or with the whole enterprise) or of such a fixed base, may be taxed in that other State.

(3) Gains derived by a resident of a Contracting State from the alienation of ships or aircraft operated in international traffic by an enterprise of that Contracting State or movable property pertaining to the operation of such ships or aircraft, shall be taxable only in that Contracting State.

With respect to gains derived by the Danish, Norwegian and Swedish air transport consortium known as the Scandinavian Airlines System (SAS), the provisions of this paragraph shall apply only to such proportion of the gains as corresponds to the participation in that consortium by Det Danske Luftfartsselskab (DDL), the Danish partner of the Scandinavian Airlines System (SAS).

(4) Gains derived by a resident of a Contracting State from the alienation of--

(a) exploration or exploitation rights, or

(b) property situated in the other Contracting State and used in connection with offshore activities, as defined in paragraph (1) of Article 28A of this Convention, carried on in that other State, or

(c) shares deriving their value or the greater part of their value directly or indirectly from such rights or such property or from such rights and such property taken together,

may be taxed in that other State.

In this paragraph "exploration or exploitation rights" means rights to assets to be produced by the exploration or exploitation of the sea-bed and subsoil and their natural resources in the other Contracting State, including rights to interests in or to the benefit of such assets.

(5) A gain on property referred to in sub-paragraph (b) of paragraph (4) of this Article which is deemed to be derived by a resident of a Contracting State when an activity in which the property is used ceases to be subject to tax in the other State shall not be taxed by that other State.

(6) Gains from the alienation of any property other than that referred to in paragraphs (1), (2), (3) and (4) of this Article, shall be taxable only in the Contracting State of which the alienator is a resident.

**Article 14**  
**Independent Personal Services**

(a) the individual is present in the other State for a period or periods exceeding in the aggregate 183 days in any period of 12 months; or

(b) the individual has a fixed base regularly available to him in that other State for the purpose of performing his activities;

but only so much thereof that is attributable to services performed in that other State.

- (b) the employer is not responsible for carrying out the purpose for which the services are performed.

(4) Notwithstanding the preceding provisions of this Article, remuneration derived in respect of an employment exercised aboard a ship or aircraft operated in international traffic shall be taxable only in the Contracting State of which the enterprise operating the ship or aircraft is a resident provided that such remuneration is subject to tax in that Contracting State.

Where a resident of Denmark derives remuneration in respect of an employment exercised aboard an aircraft operated in international traffic by the Scandinavian Airlines System (SAS) consortium, such remuneration shall be taxable only in Denmark.

(5) For the purposes of paragraph (4) of this Article, remuneration derived aboard a ship registered in the Danish International Shipping Register and covered by Section

(1) Subject to the provisions of the law of the United Kingdom regarding the allowance as a credit against United Kingdom tax of tax payable in a territory outside the United Kingdom (which shall not affect the general principle hereof):

(a) Danish tax payable under the laws of Denmark and in accordance with this Convention, whether directly or by deduction, on profits, income or chargeable gains from sources within Denmark (excluding in the case of a dividend, tax payable in respect of the profits out of which the dividend is paid) shall be allowed as a credit against any United Kingdom tax computed by reference to the same profits, income or chargeable gains by reference to which the Danish tax is computed;

(b) in the case of a dividend paid by a company which is a resident of Denmark to a company which is a resident of the United Kingdom and which controls directly or indirectly at least 10 per cent of the voting power in the company paying the dividend, the credit shall take into account (in addition to any Danish tax creditable under the provisions of sub-paragraph (a) of this paragraph) the Danish tax payable by the company in respect of the profits out of which such dividend is paid.

(2)

(a) Subject to the provisions of sub-paragraph (f) of this paragraph, where a resident of Denmark derives income which, in accordance with the provisions of this Convention, may be taxed in the United Kingdom, Denmark shall allow as a deduction from the tax on the income of that resident, an amount equal to the tax on the income paid in the United Kingdom.

(c) Subject to the provisions of sub-paragraph (d) of this paragraph, dividends paid by a company which is a resident of the United Kingdom to a company which is a resident of Denmark and which holds directly at least 25 per cent. of the issued share capital of the company paying the dividends shall be exempt from tax in Denmark.

(d) The provisions of sub-paragraph (c) of this paragraph shall apply only to the extent that:

(i) the profits out of which the dividends are paid have been subject to corporation tax in the United Kingdom, or to any other tax in the United Kingdom or elsewhere which is comparable to Danish tax; or

(e) In the case of dividends paid by a company which is a resident of the United Kingdom to a company which is a resident of Denmark and which holds directly at least 25 per cent. of the issued share capital of the company paying the dividends, if the dividends are not exempt from Danish tax in accordance with the provisions of sub-paragraph (c) of this paragraph, the credit shall take into account United Kingdom tax payable by the company paying the dividends in respect of the profits out of which such dividends are paid.

(f) Where a resident of Denmark derives income which, in accordance with the provisions of this Convention shall be taxable only in the United Kingdom, Denmark may include this income in the tax base, but shall allow as a deduction from the income tax that part of the income tax which is attributable to the income derived from the United Kingdom.

(5) Enterprises of a Contracting State, the capital of which is wholly or partly owned or controlled, directly or indirectly, by one or more residents of the other Contracting State, shall not be subjected in the first-mentioned State to any taxation or any requirement connected therewith which is other or more burdensome than the taxation and connected requirements to which other similar enterprises of the first-mentioned State are or may be subjected.
